

— HOME FOR EVERY CHILD INNOVATION CHALLENGE

A Home for Every Child.

Leveraging data to connect children and families
— one match at a time.

Ready
to help.

As states prepare for the **Home for Every Child Innovation Challenge**, Adoption-Share brings **Family-Match** — proven, data-driven recruitment and matching technology already deployed across state child welfare agencies. No new system to build. Just outcomes, faster.

01

RECRUIT MORE FAMILIES

Expand the pool of qualified foster and adoptive families through streamlined intake and outreach.

02

RETAIN FAMILY CAPACITY

Support stronger placements that keep families engaged and prevent drop-off.

03

IMPROVE STABILITY

Use compatibility-driven insights to inform placement decisions and reduce disruption.

04

ACCELERATE PERMANENCY

Connect children and families more effectively toward lasting, lifelong connections.

“

A state doesn't improve its foster-home ratio merely by *recruiting* homes. It improves the ratio by *retaining families* and *creating stable placements*.

READY TO DEPLOY

One platform,
five capabilities.

Recruitment

Matching

Pipeline Analytics

Capacity Insights

Performance Measures

Is your state ready
for the *Innovation Challenge*?
